ABOUT THE AIRPORT
The airport district is one of three airport districts operating in the state and was formed in 1958 by a 75 per cent favorable vote of the people. Over the years, the physical facilities have been developed to handle airline type equipment, such as the Lockheed Electra flown in by the Pacific Southwest Airways last summer. District Manager Andrew Creglow explained.

Of the 180 publicly owned airports in the state, the Truckee Tahoe facility ranks among the first 31 with a runway of 66,000 feet.

A terminal building has been completed and an aircraft hangar and maintenance shop is under construction. The point has been reached, according to Creglow, where buildings and development are self-sustaining and plans are underway for another building to be completed and leased this summer.

No Vet Dividend

The Veterans Administration Center at St. Paul, Minn., has the following to report in part in response to an announcement that veterans are entitled to a refund or dividend on their insurance policies:

"Erroneous information has resulted in our receiving several hundred thousand inquiries such as yours about rumored special insurance dividend. Statements that we urged veterans to apply are not correct and persons responsible render a disservice both to the veterans and the government.

"The facts are that in 1950 a special dividend was paid around 16 million veterans for approximately 3 billion dollars. It's easy to forget things that happened over 15 years ago, but the odds are thousands to one that you did receive yours."

WASHINGTON, D. C. — The bureau of reclamation has advised Congressman Harold T. (Blizz) Johnson, representing the Sierra-Nevada region, that bids will be sought in April or May for construction of the Stampede Dam on the Little Truckee River.

The project, located about eleven miles northeast of Truckee, will involve construction of an earth-filled dam about 230 feet high. The dam will contain about five million cubic yards of fill material.

The project contracts will include construction of a spillway and outlet works, Congressman Johnson said. The Stampede Reservoir is an integral part of the Washoe Project.

Advertisements for bids will be issued by the bureau's chief engineer in Denver.

"During the last year for which vital statistics are available these diseases were responsible for 189 of 328 deaths in Nevada County. Across the nation they account for approximately 54 per cent of all deaths each year.

Each Heart Volunteer will call at the homes of between 15 and 25 neighbors, distributing helpful information about the heart diseases and receiving contributions for the Heart Fund.

Briner Will Fly To Contact Voters

Bill Briner, republican candidate for California's Third Senatorial District, today told the Tahoe City Republican Committee of his plans to fly to every community, large and small, in the newly formed district.

Briner, an experienced pilot, owns his own single-engine plane. As Placer County supervisor for six years, he has used a combination of travel by auto and plane in the performance of his job. It is his opinion that this is the only feasible method to personally reach all of the people in the twelve county district.

"There should be great urgency," states Briner, "on the part of the voters to meet the obvious power play of the democrat's gerrymandering to control the state senate. The unfair supreme court decision on reapportionment has created a situation that produced a district of great divergence in population, topography, and interests. For adequate representation, District 3 demands a senator who is capable, forceful and above all, mobile."

GOVERNOR ASSURED OF SOUTH LAKE AID

Governor Edmund G. Brown has been assured a \$4.2 million program to prevent pollution of Lake Tahoe will have top priority from Washington, D. C., where the governor recently visited.

N. F. (Tom) Dolley, veteran law enforcement officer in Truckee and constable for the past 24 years, announced this week that he has filed for reelection to that office at the June 7 primary.

Dolley has been an officer in Truckee for 34 of the 36 years he has been here, serving as deputy to the late Sheriff George Carter and Carl Tobiasen, and serving as deputy constable prior to his election 24 years ago.

The candidate has always been active in community affairs having been elected several times as president of the chamber of commerce and serving as manager under several other presidents. He is a past president of the Truckee Lions Club and has been active in other local organizations.

Since a sheriff's substation has been located in Truckee with a staff of seven deputies, Dolley has not been active in criminal detection work, but continues to perform the duties of constable in the serving of papers, acting as bailiff of the local court and attending other duties incumbent upon the office.

He is a major property owner in the community and currently operates the D&D Agency. For many years he was chief of the volunteer fire department and is now a member of the board of directors of the fire protection district. During his incumbency in the latter two positions, Dolley has been active in developing the department into an efficient, well-equipped unit, capably manned.

WHAT'S DOING?

On those rare occasions when your phone needs fixing, telephone repairs are Johnny-on-the-spot (at no extra charge) and thoughtful, too. Like the one who responded to a customer's call and replaced a phone cord chewed up by the family cat... then left an old piece of spring cord for kitty to play with!

For the convenience of our customers at Tahoe City, Pacific Telephone has made arrangements to register voters at our new business office at 565 West Lake Blvd, Tahoe, City. Gene Kimbrough our Registrar will be happy to serve you.

It seems hard to believe, but an estimated 3.7 million adult Californians are missing out on one of their greatest privileges — the right to vote. That's because these Californians haven't registered to vote. How about you? For information check with the Registrar of Voters. Deadline date for registering to vote in the California Primary Election is April 14.

Income tax question? Get the answer by telephone, advises the Internal Revenue Service. If there's an office near you, you'll find the number in the white pages of your telephone book under the heading: "United States Government, Treasury Department, Internal Revenue Service." They'll be glad to answer inquiries.

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winning numbers in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to

invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00 happens to be its price. *Manufacturer's suggested retail price for Special V-6, 2-door coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge.

Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P. O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

Bulck's \$1,000,000 Sweepstakes.

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

"LAKE ECHOES" By Bethel

Governor Grant Sawyer and his wife, Betty, will be the guests of honor at a buffet to be held at Lenny Herman's Chataux on the evening of Friday, March 25th. The affair will start with cocktails at six, buffet dinner at seven to be followed by dancing to Lenny Herman's Orchestra. Invitations will be extended to 300 registered voters of the Incline Village precinct who will be guests of the Incline Village Citizens Committee in charge of the evening.

Our thanks to the committee for extending an invitation to this columnist as a member of the press. Tickets are available at Country Club Realty, Incline Village Realty and Lenny Herman's Chataux.

Mr. and Mrs. A. F. Rosenkranz of Yakima, Washington, have been

houseguests of her sister and husband, Fay and Dan Dean of Kings Beach and daughter, Lori, this past week.

Lydia Circle met at the Incline Beach home of Pearl Draney on Monday evening. Present at the meeting were V. Ann Mandeville, Verga Daegling, Betty Mulinik, Norine Marx, Charlotte Perry and Fay Dean and her guest, Mrs. A. F. Rosenkranz of Yakima, Washington. The next meeting will be Monday evening April 4th at the home of Helene Hawkins in Kings Beach.

Ruth Droste of Tahoe City has moved to 601 E. Anapamu, Santa Barbara. She will be missed by her many friends in the area who may contact her at the above address.

Edward and Marilyn Beatty and children, Kristin, Michael and Patrick are new residents of Incline Village via Reno and Kings Beach. Ed is well known in the area having been with the Nevada Lodge since its opening.

Surprised Marilyn Shaff. Read about her baby shower in this column before it happened. However, it wasn't a surprise shower—not with five youngsters—and in taking them to visit their grandparents, father, Ben Ferrari, had early delivery of his Sierra Sun. Therefore, Marilyn was well prepared to receive her friends.

Marilyn reports the highlight of the afternoon was the arrival of the ambulance and attendants complete with siren which delivered a stretcher and doctor bag. The doctor was Dick Lowden and attendant Marilyn's husband, Carl. Well, there has been a trial run and in case of a blizzard at the time of the baby's arrival they may have a repeat performance!

Art and Gwen Wood of Incline Beach welcomed their sons, L. J. Robinson and Garry Wood of San Francisco, as house guests over the weekend.

Stella Brewster was welcomed back to the Tahoe Racquet Club at Incline Village from the Waikiki Racquet Club in Honolulu for last

weekend. Stella returns to Lake Tahoe for the summer April 1st.

Carol Morley of Incline Village spent a couple of days in San Francisco last week visiting with friends.

Chet Murphy, tennis pro at Broodmoor Hotel in Colorado Springs and author of several books on tennis was a guest at the Tahoe Racquet Club at Incline last week.

Carl Roepke, Jr., and Pete Roepke of Hillsboro were weekend guests at the Tahoe Racquet Club at Incline Village.

Betty Fanciolla of Incline Village has joined the staff at Lenny Herman's Chataux as a hostess.

Yvonne McCoy and son Bobbie, of Reno were house guests of Betty and Fred Fanciolla at Incline Village over the weekend.

Lee and Trish Holley of Incline Village were Carmel visitors last week. Trish participated in a tennis clinic at Pebble Beach. However, poor Lee had to watch from the sidelines having broken his leg while skiing.

Norma Olsen of Oakland spent the weekend at her home at the

Highlands. Coming up with Mrs. Olsen for the weekend was Jon Jensen to visit with mother, Zoe Ann, and brother, Jay.

The family skied at Slide Sunday.

Zoe's guest, Judy Cochrane of Boston, returned home after they visited friends in the bay area. Jackie Jensen accompanied them back to Lake Tahoe for several days visit.

Bernita Jones of Brockway is home from St. Mary's Hospital in Reno following surgery. According to husband, Wiley, she is recuperating nicely but no visitors yet. Cards are welcome, however.

Bob Goode of Kings Beach is home after surgery at the Veterans Hospital in Reno.

Luke Hoffman is also back home in Kings Beach after emergency surgery for a ruptured appendix at Washoe Medical Center in Reno.

Bob and Luke are both employees of the Crystal Bay Club as is Bernita.

Yvonne Bechdolt of Tahoe City attended the fashion show sponsored by the Reno Emblem Club at the Elks Club Wednesday evening—Menards and the Wedding Shop provided the fashions under

the chairmanship of Sadie Jackson. Virginia Reid has started an Emblem tablecloth which is an innovation for any club. Embroidered in the club colors, members names will also be embroidered giving the club a lasting reminder of those participating now.

A state convention of the Emblem Clubs will be held at Palm Springs at the Holiday Inn in April with many attending from the Lake Tahoe Club and also Reno. Midge Ramsey is in charge of the drill team which will post flags at the convention. Running for state office in California will be Jen Capurro.

Bob and Tally Daneri of Kings Beach attended the formal opening of the Mall at Carson City last Friday evening. A most enjoyable affair and new business area.

So happy to receive a postcard from J. C. and Inez Jordan from Paris. What could be nicer than spring in Paris which is the kind of weather that greeted them. They have seen all the sights and think it a beautiful city. Flew over from London which is a 35 minute trip. Be back to good old USA and Incline Village in April.

And then only a month when J.

CLASS ACTIVITIES IN SCHOOL

TAHOE LAKE SCHOOL
Kindergarten—Mrs. Henke: Visiting parents were introduced by Sheila Thomsen and Mike Mariana. Sheila received a picture book made by the class on her birthday.

The four star children last week were Brett Nilsson, Christine Baker, Wes Emery, Ann Marie Brund, Pamela Bundren, Greg Henkison, Timmy Smeltzer, John Ormsby, Shelly Bailey, David Bradley, John Brodie, Barbara Underwood and Jeff Palmer.

First Grade—Miss Bean: Our first grade has completed a very comprehensive bird unit. The children have written stories about the facts of a bird's life and how they operate. Many pages of beautiful coloring have been done to help them identify our winged friends in this area.

First Grade—Miss Neal: We had one new girl join our class last week, Angela Williams.

There were three birthdays last week: Judy Eberhard, Twyla Clotfelter and Malvin Haas.

Our helpers were: Lana Hamilton and Claude Johnston, housekeepers; Deena Sivertsen, doorman; Valerie Wightman, librarian; Kim Bradley and Wayne Nichols, paper officers.

Second Grade—Mrs. Read and Mrs. Steinhauser: Perfect spelling and vowel marking grades were earned by Jerome Barulich, John Skerry, Chris Hodgkins, Anna Chaput, Katie Klausen, Patty O'Grady and Chris Collins on a 55 review word test.

Stars were put on our book report chart for Joe Champion, Chris Collins, Matt Gregory and Patty O'Grady, and Kathy Hicks, Cynthia Kupka, Katie Klausen and Carrie Hanson.

Two Acts Appear At Nevada Lodge

CRYSTAL BAY—Entering their third week of rhythm and humor, the Bell-Aires Trio keeps the crowds coming to the Tobaz Room at Nevada Lodge, North Lake Tahoe's largest year-round resort hotel casino. Also on stage, and ending a resoundingly successful two-week appearance, the lovely Cassidy Sisters share the spotlight with their male counterparts for the final times this weekend.

The talented Bel-Aires made their mark at Nevada Lodge some four years ago, and have toured top supper clubs and hotels throughout southern California. Their travels include engagements in England and France. These three fellows

with a flair for truly unusual musical interpretations also received national recognition on the Ed Sullivan television show.

Piano, bass and guitar provide the instrumental sounds, manned by Byron Long, Tony Sandifer and Walte Germaine in that order, who also render sparkling vocals in complex arrangements.

The Cassidy Sisters—a blonde, brunette and redhead—present one of the most versatile acts ever seen on the Tobaz Room stage, with dancing and singing that have made them a top-notch attraction on the Reno, Las Vegas, Tahoe circuit.

These two groups alternate on stage to present a dynamic combination that promises an evening of rare entertainment at Nevada Lodge.

Heart Fund Drive Will Hit High Point

The month-long 1966 Heart Fund campaign will reach its high point on Monday, March 21st when Heart Sunday volunteers commence a seven day canvass of residences in Truckee, it was announced today by Mrs. Doris Wright, Heart Sunday Chairman. It is anticipated that all residential visits will be completed and that kits will be turned in not later than March 31.

The residential canvass will augment the total already collected in the March campaign, which is being conducted to support and expand research, education and community service programs of the Sacramento-Yolo-Sierra Heart Association, the only national voluntary health agency devoted exclusively to combating diseases of the heart and blood vessels.

During the last year for which vital statistics are available these diseases were responsible for 189 of 328 deaths in Nevada County. Across the nation they account for approximately 54 per cent of all deaths each year.

Each Heart Volunteer will call at the homes of between 15 and 25 neighbors, distributing helpful information about the heart diseases and receiving contributions for the Heart Fund.

Historians credit Charles Dickens' "Christmas Carol" with being the most effective single force behind England's return to the observance of Christmas.

In 1837, Nicolas Galindo sold his 2,220-acre ranch, largely located within the present San Francisco city limits for 100 cows and \$25.

SIERRA SKIING

By VI WHITE

Spring skiing has hit ski resorts the past week with sunny skies and corn snow.

The weather man had given reports of a stormy weekend, but outside of a little rain Saturday night, the skiing was great. It's too bad that these reports keep people from coming up to the mountains. Of course conditions change very rapidly up here and it is difficult to predict the weather.

Sierra College won the Pacific Coast Intercollegiate championships last weekend when Greg Moore had two firsts in the downhill Friday on KT-22 and the slalom on Red Dog Saturday at Squaw Valley.

Arne Nossom of Nevada, however, led the cross-country skiers in the meet Saturday.

The jumping event was cancelled because of soft snow during the middle of the day.

Team standings were: Sierra College, 292.6; U. of Nevada, 277.5; Chico State, 248.9; College of Siskiyou, 238.8; California, 225.7; Arizona State, 172.3; San Jose State, 149.1, and San Francisco State, 115.0.

The college teams will be competing this weekend at Mt. Shasta in the Chico-Siskiyou Invitation four-way meet.

Curt Wurst of Donner Lake, skiing for Sugar Bowl had the fastest time of the day to win the Class II giant slalom junior meet at Boreal Ridge Sunday, negotiating the 20 gates in 47.6 seconds.

Liz Younger of Lake Tahoe Ski Club posted the fastest time for girls, 50.7 seconds.

Over one hundred juniors competed in the meet for classes I to V.

At Alpine Meadows Sunday, law students held their annual obstacle race near the big poma hill.

The racers emerged from the starting gate, had to down a can of beer at the first gate, traverse over to other gates, over and under bamboo poles, step through a maze of tight gates, hop over a couple of benches and ski backwards through the finish gate!

Winner of the Caveat Emptor Cup tricky race was Roger Hackley, Hastings Law School student with a time of 2 minutes flat. Ted Stiles, Hastings was a close second with 2:09. Following times were made by Steve Walther, Boalt Hall, 2:33; Einar Sund, Boalt, 2:37; Bayless Mannings, Stanford, 2:37; Nyle Barnes, Boalt, 2:57; Ron Sher, Hastings, 2:57; John Wells, Boalt, 3:02.

The novice Sunday slalom winners were: Paul Rhoades, Sacramento, 35.0; Ron Harris, Berkeley, 35.7; William Johnson, Mill Valley, 36.5 and Vi White, Donner Lake, 40.7.

This weekly race is a lot of fun and Alpine hopes more and more skiers will enter. Silver pins are awarded to the first three places in each division.

The Oakland Ski Club will sponsor the annual Bill Freitas Memorial team race at Donner Ski Area this Sunday.

FWWSA juniors will be competing in southern California in the Tyler Van Degrift Memorial race at Mt. Baldy Sunday.

The National Junior Championships are being held this week at Winter Park, Colorado. They started last Sunday and will continue until Saturday.

The National Senior Alpine Championships are also being held this week, March 18 to 20 at Mount Mansfield, Stowe, Vermont.

European skiers from France, Austria and Switzerland will be competing against the United States and Canadian racers in this event.

CBS will televise parts of the meet Sunday on Sports Spectacular with live coverage of the men's slalom.

Skiers can look to future developments being planned for their convenience soon.

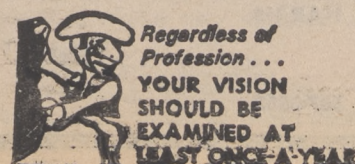

Several million dollar projects are on the drawing board for this area.

Alex Cushing has just announced an \$8½ million expansion program to enlarge the present Squaw Valley Lodge, and Gold Coast unit, add a 45 passenger aerial tramway, a shopping complex, a much needed three-story garage, high-rise hotel, and tennis courts.

Fred LaTour has plans for a new \$10 million development near Tinkers Nob to the north of Squaw Valley.

Some day all the existing areas will be linked with new ones and eventually it will be possible to ski the whole Sierra crest.

The Pigeon Point light station in San Mateo County, completed in 1872, is a 115-foot white masonry tower whose top rises 148 feet above the sea.

PLACER EXAMINATION

AUBURN—There is a continuous opening for candidates to apply for an examination for public health nurse in Placer County, the county personnel department announced. Appointments may be made at the 2nd step if candidates exceed minimum qualification.

WATCH OUT FOR THE OTHER GUY

Just being in the right isn't enough. Nearly half the drivers in fatal collisions are in the right. So keep an eye open for trouble at all times, from all sides. Drive defensively—as if your life depended on it. (It does.)

Skyblue Waters calling you at Kings Beach shortly.

Terri Baker of Incline Village attended the beauty show in San Francisco at the Sheraton Palace Hotel last weekend.

Fred and Alysmae Schultz of Crystal Shores and Harry and Vivian McIntire of Tahoe Vista enjoyed a trip to Topaz Lake a week ago.

The fourth grade class of Kay Wing at the Kings Beach Elementary School were fascinated by the slides and pictures shown by Jetta Steward of Kings Beach at a special program last week at the school. The Women's Club of North Tahoe announce that Jetta Steward of Kings Beach will present their March 28th, Monday, program with slides collected on her many trips to the Orient. An Oriental theme will be carried out in the decor while Jetta will wear a gown she had especially designed while in China. Jetta is an interesting speaker having been very active in the Nevada State Cosmotologists as president and speaker at their various conventions. Push Starting May Damage Your Car

Before a motorist accepts the offer of another driver to push his stalled car to a start, he had better read carefully the directions in his car instruction manual as push-starting has become a complex matter, according to the California State Automobile Association. Failure to do so might well result in a highly costly automatic transmission repair job.

With some cars, ignition can be turned on while the car is at a standstill, the CSAA said. With others, ignition should not be turned on until the car has reached a speed varying from 15 to 35 m.p.h. The speeds at which cars should be shifted into gear vary from a standstill to 35 m.p.h. Some cars must be shifted to the low

gear; others, to the drive gear. And there are some cars that cannot be push started at all.

Another point to remember is that the bumpers on today's cars are not designed for pushing and many motorists have had their car's bumpers damaged in this fashion.

The CSAA said that, in view of the complicated nature of push starting today, motorists would be wise to carry a battery cable in the car and, in case of a no-start resulting from a dead or weekend battery, get a shot of electricity from another car rather than risk transmission damage by shoving the balky vehicle.

Tahoe Chamber Votes Flyin Aid

CRYSTAL BAY—The board of directors of the North Lake Tahoe Chamber of Commerce meeting at Crystal Bay Lodge last Wednesday, heard Michael Ellis of Truckee, representative of the Truckee Hi Flyers, discuss the fly-in to be held at the Truckee Tahoe Airport June 18 and 19.

The chamber directors voted to assist in financing the flyin which they felt benefits and promotes the North Tahoe area.

Members of the chamber were urged to express their views pro and con on a proposed new parkway around 17 miles of the west shore of the lake including a bridge or high level road at Emerald Bay so the chamber can take a firm stand on the controversial issue. Jack Domergue and Dave Stollery will present statistical information on the highway at the meeting March 23.

The chamber, along with the Tahoe City Motel Association, will sponsor a booth at the Los Angeles Pan Pacific Auditorium Sports and Boat Show March 25 to April 3. Mrs. Theresa Denton of Kings Beach and Mrs. Betty Layton, secretary-manager of the chamber, will represent this area and maintain the booth for ten days.

The chamber went all out in support of SR103, the proposed constitutional amendment which would permit voters in each state to have a voice in how their legislatures should be apportioned.

The possibility of greater control over the operation of the garbage dump at Tahoe City is being studied and a report will be made at the next meeting.
